Predgovor

Ovaj popis sadrži znanstvene radove djelatnika KBC Sestre milosrdnice (KBCSM), koji su objavljeni u časopisima u 2016., 2017. i 2018. godini te uvršteni u indeksne i citatne baze relevantne za izbor u znanstvena i znanstveno-nastavna zvanja. Pretraživane su sljedeće indeksne i citatne baze:

Web of Science (Current Contents Connect - tzv. CC - radovi)

Web of Science (Core Collection - tzv. SCIE i SSCI – radovi)

Web of Science (Medline)

Scopus

Pretraživanje navedenih baza provedeno je u svrhu zbirnog prikaza svih radova u indeksnim i citatnim bazama, koje su u određenom vremenskom razdoblju objavili djelatnici KBCSM. Dakle, analiza je provedena na razini cijele ustanove, a ne za pojedine djelatnike zbog velikog broja djelatnika sa znanstvenim, znanstveno-nastavnim, i stručnim zvanjima (ukupno 213 djelatnika početkom 2018.).

U pretraživanju je uzeta u obzir činjenica da autori-djelatnici KBCSM u svojim radovima navode različite oblike naziva matične ustanove na hrvatskom i engleskom jeziku, te da dio njih dodatno navodi pripadnost nekoj od akademskih ustanova s kojom surađuju, a dio navodi samo naziv akademske ustanove. Iz tog je razloga u strategiju pretraživanja uključena i adresa sjedišta KBCSM (Vinogradska), uzimajući u obzir i druge dvije lokacije KBCSM (Draškovićeve i Ilica).

Podaci dobiveni pretraživanjem indeksnih i citatnih baza dopunjeni su podacima o radovima, koje su pojedine klinike i zavodi dostavile u Institut za klinička medicinska istraživanja i nastavu KBCSM u svrhu pripreme godišnjeg izvješća o znanstvenom radu KBCSM za 2016., 2017. i 2018. godinu.

U razvrstavanju radova prema indeksnim/citatnim bazama napravljena je deduplikacija, što znači da je pojedini rad prikazan samo jednom. Popis sadrži ukupno 667 radova.

U pripremi ovog popisa korišten je bibliografski računalni program EndNote X8 (Clarivate Analytics).

I. CC-RADOVI DJELATNIKA KBCSM U 2016., 2017. I 2018.

POPIS ZNANSTVENIH RADOVA DJELATNIKA KBC SESTRE MILOSRDNICE, KOJI SU OBJAVLJENI U ČASOPISIMA U 2016. I UVRŠTENI U BAZU WEB OF SCIENCE-CURRENT CONTENTS CONNECT
